Subject: monday's meeting

I have been scheduled for another meeting re th[icon negative based on scope] to talk about temporal loss with the state for the 1p hour. Is there another day/time that work for you that I can try to schedule our CRW meeting. Alternatively, I can get the skinny from Steve, but I'd rather be on the call. Sorry about that. This is a sticky issue for us and I can't miss the call.
